

Masterclasses – Film

Concept

💡 Key messages

- The International Masterclasses is an experience of physicists' "real life"
- a world wide event
- fun
- CMS takes part in it!

👥 Public 15+

? How

- filming students doing CMS exercise (Ken & Marge are going to provide this to us, they will film the event too)
- interview with Ken Cecire (creator of the CMS exercise) Provided by Ken & Marge
- Interview of Tom McCauley developer of the CMS software for the exercise
- ✓ filming videoconference when ATLAS / CMS exercise is discusses
- Interview of Dave Barney one of the first moderators from CMS mention of J/psi measurement and the CMS paper (maybe show a reference to the paper on the screen when Dave says this or in the end-credits)
- filming students visiting the CMS Centre on 25th March
- footage of Stephanie Beauceron giving her talk on 25th March
- ✓ interview of the CMS moderators

🔍 Style

- YouTube, News, CMSTV
- 5–6 min ?
